Our website - Did you know ?

The Beauchamp Gallery [Website](#) offers a new feature that allows you to find the history of paintings you have recently viewed at the bottom of your web page.

We are also working on a new web tool that allows you to view a work in the décor of your choice, a wonderful and useful tool, coming soon...

Movember in our galleries.

The Beauchamp family is pleased to participate this year in remitting 1% of their total sales in all nine Beauchamp Galleries in Canada to the Canadian Prostate Cancer Society. (www.prostatecancer.ca)

Prostate cancer will affect one out of seven men and of this group one out of twenty-eight will die of this disease. Of our team of art consultants and our webmaster, Mr. Benôit Blondeau, Jim Dinan, Georges Thibodeau, Benôit Garneau and Vincent Beauchamp have all agreed to grow mustaches during the month of November (Movember). Our ladies (our Mo Sistas) will participate in promoting the event with our clients.

Clients purchasing art work during the month of November will be able to participate in this event by relinquishing a part of their discount to the order of one to ten percent of their acquired discount (10% max). As an example a client with a ten percent discount wishes to leave 2% to the cause, on his invoice it shall be written as an 8% for the client and 2% going to the Prostate Institute. Altogether we can do our utmost to vanquish this deadly cancer that affects too many men.

P.S. As well as giving a percentage of their discount, whether it be 1% through 10%, our clients may also wish to donate their birthday gift certificate of \$50.00 as another means of contributing to this most worthy of causes.
