Exploration hippique 12 :: 26 x 20 x 9 in

Trained in visual arts and holds a university degree, Vincent Daniel Bernard received experience working with the artist Jordi Bonet. He has since participated in numerous solo and group exhibitions in Montreal, Toronto, Regina, New York, Miami and Europe. Inspired by the beauty and strength of the horse, a fantastic model for movement, the artist delivers an enduring legacy: «I see my sculptures as sedimentary artifacts: a resultant petrified by the elements. This improvised organic fusion between man and matter fascinates me more than the idea of having created.»
